Search Warrant Process

Search Warrants – Public Unsealed

- **Generally, a search warrant may be issued, executed, returned and available as a public record in as few as two days or as many as 15 days. The court has discretion to extend timeframes or keep records under seal to preserve ongoing investigations or as justice requires.**
- **Providing the Clerk an SW number is the best way to locate a record. The Clerk can search for a record based on a name or location, but this takes longer and is not the most reliable method.**
- **The content of public records are available as they were filed with the Clerk – the Clerk only redacts information when instructed to do so by court order.**
